

Town Meeting Monday Summons Citizens; Election of Town Officials, Appropriations Must Be Considered and Action Taken

Again the citizens and voters of the town are to gather together in the annual town meeting in the town hall next Monday, February 6, beginning at ten o'clock in the morning and continuing in session until definite action has been taken on the list of forty three articles which are in the warrant, and the election determined after the closing of the polls. The Moderator will call the meeting to order, the town clerk will read the warrant, the polls will be opened, there will be the usual invocation, tellers will be named and then the business of the day will begin.

There will be the usual respite of an hour for luncheon. While all citizens are urged to attend the town meeting for as much of the day as is possible, all officials are expected to be in attendance for the entire session.

The candidates for offices of the town are all caucus nominees, many named for re-election. The only apparent contests are for the office of Assessor and for Constables. The following is a list of the offices and the names of the candidates:

Town Clerk, one year, Josephine S. Haskell.
Town Treasurer, one year, Charles F. Slate.
Selectmen, one year, F. Myron Dunnell, Hermon B. Fisher, Fred A. Holton; vote for three.

Assessor, three years, James E. Dresser, Ernest A. Parker; vote for one.

Moderator, one year, William F. Hoehn.
School Committee, three years, Dorothy L. Miller.
Cemetery Commissioner, three years, Charles C. Morgan.
Cemetery Commissioner, one year to fill vacancy, Carlton W. Holton.

Library Trustees, three years, Ina C. Meriman, Samuel W. Truesdell; vote for two.

Tree Warden, one year, Dean W. Williams.
Tax Collector, one year, Charles F. Slate.

Constables (at large) one year, Harry M. Haskell, James Kelly, Herman A. Miner, Martin E. Vorce; vote for three.

Constable (Farms) one year, Samuel F. Alexander.

The articles of the warrant were printed in last week's "Press" posted in the post offices of the town and are contained in the annual report of the town, just issued and distributed. Those having copies of the report should bring them to the meeting as they will prove valuable for reference.

Aside from the articles of the warrant to be considered will be the report of special committees of the town. At the conclusion of the business of the day, the meeting will adjourn for the reception of the report of the election officers and then end its proceedings for another year. Elected officials will be sworn in immediately after the close of the meeting.

Sawmill At Gill

It is said that another Federal approved sawmill will be located in Gill on the land of Frank Zak on the Main street near the Clapp estate and that arrangements have been made between the Federal agent and Lyman Hale, the town chairman. Already several farmers have agreed to make deliveries to the mill which will take care of the fallen hurricane timber in the district.

Railroad Finances

The Boston & Maine railroad reports a deficit of \$255,302.85 after fixed charges for the past month of December. Both passenger and freight revenue was higher in December than the month a year ago.

The Boston & Maine reported

that although revenues for 1938 were \$6,179,666.74 under those for 1937, and further loss of \$2,000,000 was caused by flood and hurricane rehabilitation, reduction of expenses kept the deficit in net income to about \$3,000,000 under the combination of loss in revenue plus flood and hurricane damage.

Business Improving

Reports show that the industrial activity for the month of December in this state shows about a ten per cent improvement over the same period a year previous, although the year's record was below that of a year ago. The State Planning board made the estimate and the figures show a drop in employment and activity for 1938. It is hoped that the encouraging showing for December will be continued.

It's Founder's Day; Dr. Beaven Speaker; Full Day's Program

Dr. Albert W. Beaven, president of Colgate-Rochester Divinity school, is the Founder's Day speaker at both Mount Hermon and the Seminary this Friday. The Founder's Day service at Mt. Hermon Memorial chapel will be held at 8:30 and the Russell Sage chapel service will be at 10:30. Dr. Beaven is well known here as a General Conference speaker. He was prominent in the work of the Council on Evangelism held here in June of 1937, and has spoken at various Northfield conferences since 1922.

Dr. Albert W. Beaven

Founder's Day has been observed in the Northfield schools for many years and it is a time of great rejoicing among the students. This year will be no exception and with considerable snow, there will be plenty of winter sports events. Here is the program for the two-day celebration:

For Friday (today)

At Mount Hermon—8:00 a. m. breakfast; 8:30, chapel service with Dr. Albert W. Beaven; 9:30, 3-mile cross country ski race and 1 1/2-mile Junior League race; 12:30 p. m. lunch; winter carnival events begin at 2 p. m., coaches Burnett and Bisson are in charge: Slalom races, jumping (new 15-meter jump on Chapel Hill); obstacle races; 6:15, Founder's Day dinner; 8:15, "Ski America First" Sidney N. Shurtleff, lecturer, with excellent color photograph.

At the Seminary: 8 a. m., breakfast; 10:30, chapel service with Dr. Beaven speaking; academic procession, seniors wear caps and gowns for the first time; 11:45, 75 girls leave for ski picnic; 12:45 lunch; 2:00, first sleigh ride; 3:15, second sleigh ride; 6:00, Founder's Day dinner; 8:30, Mr. and Mrs. Savelli Walevitch, Russian Folk songs, Silverthorne hall.

For Saturday

At the Seminary: 2:30, gather at Perry Pond; 2:30, cross country ski race, finish at Perry Pond; 2:40, Royal procession, crowning of king and queen; 3:00, obstacle ski race; 3:15, finish of cross country snowshoe race at Perry Pond; 3:25, ski open race, finish at Perry Pond; 3:30, snow shoe open race, finish at Perry Pond; 3:35, skating relay, Perry Pond; 3:40, skating exhibition; 4:10, awards for snow sculpture, individual and dormitory awards; 4:20, general skating to music on Perry Pond.

Provisions Of Wills Must Be Followed

Following an investigation by the office of Atty-General Paul A. Dever of the state into the provisions of about 230,000 wills, petitions have been filed in the various probate courts of the state to compel the trustees of estates to carry out the terms laid down by testators in their wills. The work of the Atty-General's office has taken many months and has reached every quarter of the state, even Northfield has not been neglected.

It has been found that in many instances no accounting has ever been filed in carrying out the provisions of wills. In some cases it was discovered that even the trustees were ignorant of the provisions of the will in which they had assumed responsibility.

The Atty-General will carry on this important matter and it is expected that every trust fund under will will be carefully investigated of which Northfield has a number.

Red Cross Invites Aid For Chilean Quake Sufferers

John W. Haigis, county chairman of the disaster relief and preparedness committee of the Franklin county chapter, American Red Cross, announces that the local chapter will accept contributions for remittance to National headquarters for the benefit of Chilean earthquake sufferers. Funds may be sent to the chapter office at 15 Bank Row in Greenfield or may be left at the Franklin County Trust Co. The Republic of Chile has been visited by one of the most destructive earthquakes in the history of the Western Hemisphere. Official sources report that the list of dead will exceed 30,000 and the injured 50,000. The catastrophe has overwhelmed the nation and its resources are being taxed to the limit.

The National Red Cross has already made a direct contribution of \$10,000 to the Chilean Red Cross, and vaccines, serums, powdered milk and other supplies have been dispatched by Army and the Pan American Airway planes to the value of an additional \$10,000. The American Red Cross Field Director stationed with the Army to the Panama Canal Zone was sent with the planes to the scene of the disaster.

Who's Who In Florida; Neighbors In South

It seems that with the passing of each year, more and more of our Northfield neighbors, are going southward, to spend the winter season in the warm and sunny southlands. The majority go to Florida and here is a list of those who are telling their friends via the mail to "come down with us."

Mrs. C. P. Buffum, Mr. and Mrs. Oscar E. Coburn, Dr. and Mrs. Elliot W. Brown, Rev. and Mrs. T. T. Brown, Dr. and Mrs. A. N. Thompson, Miss Thompson, Mrs. Bessie Symonds, Mr. and Mrs. L. R. Smith, Miss Virginia Smith, Mr. and Mrs. Frank W. Kellogg, Mrs. Louise Barnes Labella, Mr. and Mrs. Sam E. Walker, Mr. and Mrs. Albert G. Moody, A. R. Levering, Miss Levering, Miss Alice Duncan, Mrs. William R. Voorhies, Mrs. William J. McRoberts, Miss Jennie Haight, Miss Fanny C. Hatch, Mrs. Edna Jenkins, Miss Emma Haltorth, Mr. and Mrs. Albert Anderson, Frank W. Anderson, Mrs. C. C. Stockbridge, Miss Margaret Ross, Mrs. Grace C. Cornell, Mr. and Mrs. J. F. Schmadeke, Prof. and Mrs. Spurgeon Gage, Mrs. Julia Ennis.

Vocational Guidance

In preparation for a series of chapel talks on vocational guidance which will be given at the Seminary in the near future by visiting speakers, Talcott library is featuring an exhibit of vocational guidance literature. Magazine articles on careers and lucrative hobbies of enough variety to suit the aptitudes of almost every student are on display. A large number of books suggesting vocations are being read eagerly, especially by the upper class girls who are beginning to plan seriously for their future occupations.

Booklets from the Bureau of Vocational Information are especially helpful, and an occupational outline chart is being studied with interest. Among the list of books recommended for ideas on vocational guidance are Walter Pitkin's "New Careers for Youth," Miriam S. Leuck's "Fields of Work for Women," and Dorothea Brandes' "On Becoming a Writer."

Congregationalists Will Gather In May For Annual Meeting

The annual meeting of the Massachusetts Congregational conference and Missionary society will meet with the First Congregational church in Northampton May 14 through the 17th. The Edward's church, Florence Congregational and Easthampton Congregational churches are cooperating in the committee work and entertainment.

A fine program is in preparation and delegates will be present from all the Congregational churches of the state. One local Congregational church will send its official representatives, but owing to the nearness of Northampton, it is hoped that many others will attend. A fine list of speakers have been secured which will shortly be announced. The gathering will be the 140th annual session.

County S.P.C.C. Elects; Local Women Chosen

At the annual meeting of the Franklin County Society for Prevention of Cruelty to Children, held at the Weldon hotel in Greenfield last Friday afternoon, Rev. John B. Whiteman was chosen as president to succeed Mrs. W. Herbert Nichols. Mrs. Arthur W. Hayes of Greenfield and Dr. Kirke Alexander of Orange as vice-presidents. Miss Anna Koch is secretary; Willard A. Haskell is treasurer; Miss Adelaide Hood is agent, and Dr. Harriett L. Hardy, staff physician. Dr. Robert H. McCastline of this town was chosen as a new director for three years and Mrs. Fred A. Holton of Highland avenue was re-elected for a three-year term among the list selected. The speaker was Theodore A. Lothrop, general secretary of the Massachusetts state organization from Boston.

Reports made by the officers, evidence that the county organization has been doing a splendid work and that its effort has received the support and commendation of our citizens.

The Local Legion Plans Music Event

The Hi Boys and their Radio Rangers from station WTIC Hartford, are to make an appearance in Northfield on Thursday, Feb. 23 at the town hall under the auspices of the American Legion. This group of entertainers have a wide following among radio fans and their appearance in their well-known hill-billy style and the dance which is to follow the entertainment, will be welcomed as a fine mid-winter diversion for Northfield.

Weather Varieties

Following the extremely cold spell of last week, we enjoyed a couple of days of fine weather, only to find ourselves again plunged into driving snow, high winds and cold on Monday.

Enough snow fell on Monday, all day and into the night, to make auto traveling difficult. State and town plows were out and kept constantly on the job. Tuesday was cold but pleasant with more snow at night and Wednesday was bright with cold.

It has been a week of extreme cold and high winds, with the thermometer hovering toward the zero mark. Fortunately all roads are open but there is only a limited use of cars. Most people prefer the comforts of home these days much to the regret of business men who note the shrinkage in trade.

Preaching Mission Will Begin Sunday At Trinitarian Congregational Church Will Continue Throughout The Week

The County Hospital Has Large Deficit

At a meeting of the board of trustees of the Franklin county hospital held Thursday evening of last week, the Treasurer, J. W. Ballard, reported that the loss of \$23,305 during 1938 was reduced by public contributions of \$10,243, leaving a cash deficit of \$13,062. In 1937 there was a loss of \$6,959 which was wiped out by subscriptions.

The overall operating costs of the hospital for 1938 were practically the same as for 1937. The average number of patients was 74 in 1938 and 76 in 1937. The earnings in 1938 were \$6,376 less than in 1937, and the collections were about \$2500 less than last year. The collections, however, were at a higher percentage of the year's earnings than last year.

The reserve adjustment and drop in hospital earnings practically reconcile the difference between the last two years' statements but they do not solve the problems of the hospital.

In his written report to the trustees, Ballard gave a picture of the hospital at present in the light of the past five years. At the beginning of this report he diagrammed the expense and income dollars to show what per cent of one dollar was used for what purpose according to the 1938 figures.

In the classified expense dollar, wages and salaries represented 54.4 per cent; food, 20.4 per cent; supplies, 14.6 per cent; light, heat, power, water and telephone, 5.4 per cent; building and grounds, 2.6 per cent, and interest and financial expense, 2.6 per cent. The total expense was \$117,383.71.

The diagram of the income dollar showed the income from patients as 78.2 per cent and from subscriptions and donations, 9.8 per cent.

Northfield should have a keen interest in the county hospital at Greenfield. Aside from the support given to it by individuals, it merits the patronage of all officials in the town in the care of patients. No figures are available at present showing the co-operation given by Northfield.

Rustic Ridge Fire

The fire department was summoned to Rustic Ridge, Tuesday evening about 8 o'clock for a fire in Overlook cottage on North Lane owned by H. W. Doremus.

Mr. Doremus had occupied the cottage for some weeks, to enjoy the season's weather, to make repairs and clean up the hurricane mess about his properties. A large fireplace in the house was kept in constant use to provide some of the necessary warmth and it is probable that from the overheating, the timbers and partitions adjoining caught fire. The blaze started very quickly but soon after the arrival of Chief Parker and his men with the apparatus had the fire out.

Repairs will be made immediately to the damaged section. It was fortunate that the street department had plowed and opened the road only a few hours previous so that the location was accessible.

A daughter was born to Mr. and Mrs. Harold Parsons of Northfield at the Brattleboro Memorial hospital on Tuesday, Jan. 24.

All arrangements and details have been completed for the inauguration of a week of meetings of the Preaching and Teaching Mission to be conducted at the local Congregational church, beginning next Sunday morning at 11 o'clock. It is expected that the church choir of 24 voices will be augmented by the addition of a large chorus for the meetings.

Sunday morning Dr. H. A. Ironside will preach and John S. Shufelt will render the solos. Sunday afternoon in the town hall, the meeting to observe the 102nd anniversary of Dwight L. Moody's birth will be held. Dr. Ironside will speak on "What I Have Seen in America and Great Britain of Mr. Moody's Influence." Mr. Shufelt will sing the famous Sankey hymn, "The Ninety and Nine."

On Sunday evening at the Congregational church at 7:30 o'clock, Dr. Ironside will again speak and Mr. Shufelt will sing and the large chorus will participate. On Monday, Tuesday, Wednesday, Thursday and Friday evening at 7:30 the meeting will be continued at the church with both Dr. Ironside and Mr. Shufelt participating at each meeting. Monday afternoon at 3:15 there will be Bible readings with the studies in Philippians at 3 o'clock in the afternoon.

Committees have been appointed in charge to assist in the general arrangements and every organization of the church is represented in some part of the endeavor.

The public are cordially invited to attend these services. They will be found very helpful.

Dr. Henry A. Ironside is the pastor of the D. L. Moody Memorial church in Chicago and in these columns previously, we have spoken of his great work. Mr. Shufelt is the director of music in the same church.

Sunday Services At Seminary and Hermon

The International Relations group of the Seminary church is sponsoring a week-end forum of foreign students matriculating at Smith and Mt. Holyoke colleges. The students attending this forum will speak at the morning service in Sage chapel on Sunday and again at vespers in Mt. Hermon chapel.

The Sunday morning speaker at Mt. Hermon will be Dr. Richard M. Cameron of the Boston University school of theology. Mr. Ingalls will give the vesper talk at Northfield Seminary Sunday evening and communion will be observed.

Westminster Choir On Radio Mondays

The Westminster Choir of Princeton, N. J., broadcasts on the radio in a nation-wide hook-up every Monday evening. In the program announced for next Monday evening, recognition of D. L. Moody's birthday will be made in the singing of the "Ninety and Nine" and "When I Survey the Wondrous Cross," two hymns which were much used in the Moody-Sankey meetings of former days. Harold Hedgpeth, well-known here by many will sing the solos accompanied by the humming of the students of the Choir school.

What Do You Know About Health?

By FISHER BROWN and NAT FALK

Answers: 1. He performed the first successful operation on the ovary. The operation was a bold stroke, fifty years in advance of modern surgery.
2. Rickets can be prevented or cured by exposing the skin to the direct rays of summer sunshine by taking cod-liver or some other fish-liver oil, or by using vitamin D milk.
3. Lighter in weight, helium gas can enter the lungs more easily than air or oxygen. With the aid of a mask, placed over the nose and mouth, helium alone, or with oxygen, is used to help restore respiration in cases of asphyxiation from drowning, or carbon monoxide poisoning, and to make breathing easier in asthma and pneumonia.

CHURCH SERVICES

TRINITARIAN CHURCH

Sunday school meets at 10 o'clock; at 11, Dr. Ironside of the Moody Church, Chicago, will be the preacher, there will be a special musical program when Mr. Shufelt director of music and special soloist of the Moody church will sing; at 3:00 all groups from the districts will unite in the town hall service to hear Dr. Ironside speak and to hear Mr. Shufelt sing; 6:45, a prayer service at the vestry; 7:30, a great Sunday evening service in the church for everyone. Come and fill the house.

Every afternoon at 3, Dr. Ironside will take up the study of Philipians; each night up to Friday, Dr. Ironside will preach. Don't miss a service if you can possibly help.

Wednesday at 2:30, Mothers' society meets at the young people's room at the church. Subject, "Health"; leader, Mrs. Leonard Stebbins; adjournment at 3:00 o'clock.

SOUTH CHURCH

Sunday at 9:45, church school; 10:45, church worship. The theme will be "Is Christianity a farce in the world of today, or is it a power?"

The regular program meeting of the Alliance will be Thursday, Feb. 9, held at the home of the president, Mrs. N. P. Wood. The subject for study will be the Culture and Recreation of the four countries—Russia, Italy, Germany, United States, seen comparatively. Mrs. William Barr and her group will present the study.

Women's G. O. P. Club

The Northfield Women's Republican club may again see some activity this year and members are reminded that the dues for this year are now payable and may be sent to the members of the local committee, Mrs. Ross L. Spencer, Mrs. Lester A. Polhemus, Mrs. Martin E. Vorce or Mrs. Carroll Miller. The executive committee of the county association will meet this Saturday in Greenfield with the county vice-presidents. Northfield's representative is Mrs. Spencer.

Garden Club

The February meeting of the Garden club will be held in Alexander hall on Feb. 13 instead of the 6th. This will be the occasion of the annual supper. A committee is already making preparations for the event.

Northfield Grange

A social, open to the public, was held Tuesday evening at the Grange hall. The program was under the direction of the lecturer, Mrs. Gertrude Gibson and it consisted of readings by Warren Brown, Mrs. C. I. Holton, Clayton Miller, and Ernest Dunklee; a skit by Mr. and Mrs. Ernest Durant and Clayton Miller; a group of folk dances by William Brinton, Parker Haesloop, Faith Owers, and Marianne Dunham of the A. Y. H., several numbers by an instrumental quartet composed of Harrison Stacy, violin; Gilbert Stacy, guitar; Andrew Stacy, violin, and Miles Stone, guitar, with Andrew Stacy singing vocal parts. There was dancing after the program with music by Gilbert and Andrew Stacy and Miles Stone.

There will be a meeting of Conn. Valley Pomona Grange at the Greenfield Grange hall next Wednesday at 10:30 a. m. This will be open to fourth degree members and there will be a social. At 7:30 that evening at the same place there will be an officers' conference with several state officers present. All members are invited.

The ladies of the local Grange will serve dinner in the town hall on town meeting day. Beans and other hot dishes will be served. The price is to be reduced from that of last year. (25c this year).

Dignity of Democracy

Dr. Alexander Lyons, rabbi of the 8th Ave. Temple in Brooklyn, N. Y., spoke at noon assembly in Camp Hall, Mt. Hermon, last Saturday on "The Dignity of Democracy."

"The essence of democracy," said Rabbi Lyons, "is living, letting live, and helping others to live. It is emphasis upon helping others to live that is needed most today. Democracy will function when unlimited possibilities for development are available."

In a special meeting with the faculty, under the auspices of the Henry Drummond Circle, Dr. Lyons spoke on the refugee problem. He spoke from personal observation about the subject, especially as it affected the Jews. "The refugee problem," he said, "implies the failure of insular religion. When the present refugee crisis first appeared, it was too bad that all Christendom could not have protested in one unified voice. I believe that would have been effective."

Rabbi Lyons believes that the

governmental persecution of the Jews in Germany was motivated primarily for the purpose of appropriating Jewish property. The economic pressures and demands are becoming daily more acute. Dr. Lyons also spoke at vespers last Sunday.

Jack Gill, who is employed at Monroe Bridge, was a visitor Sunday at Stonehurst.

THE GOOD CITIZEN

The world was seldom riddled with so many kinds of strife; At no time have ideas been so various and rife. Ideals are lost in selfishness, In clamor and confusion; There never were more "isms" round To lure men to delusion.

In times like these 'tis difficult To keep one's balance steady, To be informed on vital things And truthful comment ready; The winds of doctrine blow about, So many special pleaders Are glibly setting up their claims To be our chosen leaders.

These special pleaders are our bane;

They want the government, Which is set up for all alike, To work THEIR betterment. But if they get such benefit And go their selfish way, It evermore turns out, we find, That other folks must pay.

The cure is not for everyone To organize and shout For his graft too, for finally All favors cancel out. The government is but ourselves— Write that fact in the docket; The help we get on one account Comes from our other pocket.

Examine your opinions, then, In every kind of light; Be sure they're sound and fair enough

To warrant you to fight; Advance them modestly enough So none should be offended— But have opinions and ideals Till all your days are ended.

TOWN TOPICS

The Mothers' society of the Congregational church will meet in the young people's room on Wednesday afternoon at 2:30 o'clock for a brief session. The topic is "Health" in charge of Mrs. Leonard Stebbins. At 3:00 o'clock the members will attend Dr. Ironside's meeting.

The woodmen who have come from West Virginia to establish a sawmill for government work on fallen timber on the Warwick road are stopping at the Bronson Inn and they number some 23 persons. Many of them attended the services at the Congregational church last Sunday morning and were given a cordial welcome.

"Iceland," said the teacher, "is about as large as Siam."
"Iceland," wrote Willie afterwards, "is about as big as teacher."

Youth Hostel Trips For This Summer

Trips to many parts of the United States and to foreign countries have been scheduled for this summer by the travel division of the American Youth Hostels.

The American Pioneer group will this year travel to Mexico along the new highway from Laredo, Texas to Mexico City, with numerous side excursions. Lee and Julius Wahl are leaving by trailer next week to survey the route for this trip.

The European Pioneer group is planning a Mediterranean cruise as far as the Balkans and then a cycle trip up through these little known countries into Central Europe and Italy. The AYH each year sends pioneer groups to new regions. Last year's pioneer group visited Finland.

There will be many other groups abroad during the summer in the British Isles, France, Italy, Germany, the Scandinavian countries, Finland, and other Baltic states. The low cost—only \$250 to \$250—of all these trips is made possible by youth hostel travel. The overnight charge is not over 25 cents in over 4000 hostels abroad.

In the United States trips are being planned by the field workers in each of the eight regions where youth hostels are now established. New England, the Middle Atlantic states, the Great Lakes, the Mid-west, the Rockies, the Northwest, the Southwest, and the Southeast.

The Rolling Youth Hostel groups cross the country on specially-equipped trains which stop for bicycle excursions at interesting points on the way. One group starts from Northfield, and the other leaves San Francisco to visit the East. Both will cover more than 10,000 miles during the summer by train and bicycle. The total cost, exclusive of train, is \$110; the train cost is about \$100 more.

Several of the American groups will visit the hostels of the Canadian Youth Hostels association, both in the Province of Quebec and in the Province of Alberta in Western Canada. The Quebec hostels are being set up now to connect New England with Montreal and the Laurentian Mountains, making possible an interchange of summer cycling hostellers.

"Algiers" Cast Come From Many Lands

The four corners of the earth contributed to the filming of "Algiers," the picture which is scheduled to begin a three-day engagement Monday at the Latchis Memorial theatre, Brattleboro, Vt.

Charles Boyer, the star, is a native of France, and Hedy Lamarr, in one of the leading feminine roles, comes from Vienna. Joseph Calleia was born on the island of Malta, in the Mediterranean, while Mme. Nina Koshetz and Leonid Kinsky, also members of the cast, are natives of Russia. Preserving the American balance of the company, Director John Cromwell, Alan Hale, Gene Lockhart, Stanley Fields, Johnny Downs, Joan Woodbury and Bert Roach were all born in the United States.

EDITORIAL

With a town election and meeting only three days off, little is heard of any arguments or talk about the shops or street. There are some articles in the warrant, however, which command everyone's attention and no doubt there has been much personal thinking over the subjects. If there ever was a year in which conservative reasoning should prevail, the time is now, for only the other day we were informed by a Senator that the state tax will be about \$7.50 more this year than last. That in itself is an important statement and citizens, who are tax-conscious don't want to see a \$40 tax rate in Northfield.

No one will deny that the United States government is a great institution; that it has done things that no other government in all history has ever accomplished. For instance, during the fiscal year of 1938 it collected in taxes approximately \$5,669,000,000, which is the largest sum any government ever collected in any year.

That vast sum is just about a fourth of all the world's monetary gold, but despite this unparalleled "expense account" our federal government still operates at a deficit. And anyone who thinks the end is in sight has only to look about him—at new bureau after bureau and at the growing national debt—to realize that the tax burden is going to get heavier.

Just as pedestrians wear out shoe leather according to the way they walk, similarly driving habits largely determine the length of automobile tire life. Studies made by rubber companies have shown that some drivers wear their tires smooth in 6,000 miles, while others—driving similar cars over the same terrain—may make the tread last as much as 25,000 miles.

The Back Yard Gardener

Have you ever heard of ladies' eardrops? I mean the flower, not the article of feminine adornment. Well, perhaps you have heard of fuchsia, which is the same thing. I bring that up because Dave Arnold and I think that this plant should have more consideration as a house plant. And I know that you folks are always looking for something new and different to experiment with.

Of course, fuchsias have been cultivated for years and years, but we think they are not quite so popular as they deserve to be. Anyway there are many types all the way from house plants to small trees, 20 feet in height. Of course, the latter type grow in the warmer climates. Here in New England it is usually used as a house or greenhouse plant.

Since fuchsias are such rapid growers they can be trained to almost any shape, even to cover a wall or lattice work. White, pink, rose, red, or purple, single and double, the flowers hang like eardrops to form beautiful plants.

Once you have the particular variety you like, you can propagate it quite easily by soft wood cuttings. If you wish, you can get seeds and start them indoors now. They will be ready to plant out in the garden in May.

The plant likes a fairly rich soil with some leaf mold mixed in. This is particularly true when you put it up for winter. It also likes plenty of humidity in the house and partial shade when grown out of doors. I don't believe that the plant would get too much sun during our New England winters. When you bring it into the house in the fall, clip it back and then feed it to encourage the new flower wood.

If those pesky red spiders or mealy bugs bother your plants, syringe them off with a good stream of water from the faucet. Sometimes black flies get started and then you have to resort to any of the common sprays. I personally buy a little bottle with a pressure plunger such as the fellows at the gasoline stations use when they spray stuff on your windshield to clean it. I mix up a little spray in this and find that it does very well in controlling pests on house plants.

It's not such a bad idea to give

the plant a rest. In other words, when it has finished blossoming indoors put it in a cool dry place and let up on the watering except just enough to keep the wood from drying out. Then when you start feeding and watering it again it will develop new shoots which are the ones you should use for cuttings.

Compiled by
State Planning Board

Do you know that . . . Bears, wolves, wildcats and deer abounded in the forests surrounding Boston in 1631; bounties were paid for their pelts . . . In 1837 there was so much public opposition to the building of a railroad from Worcester to Springfield that the owners of the road sent a letter to all churches, asking that sermons be preached on the beneficial moral effect of railroads . . . In 1622 Weymouth, then called Wessagussett, was settled and became a dispersing point for isolated settlements . . . The constitution drawn up by Massachusetts in 1780 set a pattern that was followed in the framing of the Federal constitution . . . Unitarianism began in America in Boston (King's Chapel) just after the Declaration of Independence was signed . . . Massachusetts, with 25.2 per cent foreign-born residents, ranks second only to New York state in this regard . . . St. Paul's church in Newburyport is said to be the oldest Episcopal parish in Massachusetts . . . The first thirteen-stripe American flag was unfurled in Somerville, Jan. 1, 1776 . . . Titan's Piazza, a volcanic bluff of columnar formation in South Hadley, has been classified as one of the world's major natural phenomena . . . Taunton is the largest city in point of area in Massachusetts, outside of Boston and greater Boston—50 sq. miles . . . A MAN'S PRAYER

Let me live, O Mighty Master,
Such a life as man should know,
Testing triumph and disaster,
Joy—and not too much of woe.
Let me run the gamut over;
Let me fight and love and laugh,
And when I'm beneath the clover,
Let this be my epitaph: —
"Here lies one who took his chances
In the busy world of men.
Battled luck and circumstances,
Fought and fell and fought again.
Won sometimes, but did not crowing,
Lost sometimes, but did not wall.
Took his beating, kept on going,
Never let his courage fail.
He was fallible and human,
Therefore loved and understood
Both his fellow men and women,
Whether good or not so good,
Kept his spirits undiminished;
Never false to any friend;
Played the game until it finished:
Lived a sportsman to the end."
—Author Unknown

"It tells here of a Missouri man who has an umbrella that has been in his possession for twenty years."
"Well, that's long enough. He ought to return it."

Good Attendance At Center School

From Center school, the principal's office, comes a record of the perfect attendance for the first half of the school year of the following students:

Grade 1, Richard Shattuck; grade 2, Richard Summers; grade 4, Ruth Clark, Arnold Sibley, and Lois Stearns; grade 5, Eugene Hutchinson, Allen Sibley and Victor Sherwood; grade 6, William Shattuck; grade 7, Robert Johnson, Betty Phelps and Olga Schryba; grade 8, Harold Bigelow, Kenneth Bolton, George Marshall, Althea Churchill and Enid Miner.

The Nurse's Report

The following is a resume of the annual report of the work of the public health nurse which has been done this past year. It is a growing service to the community. Bedside nursing care, medications, and treatments have been the largest part of the work this past year. 763 nursing visits were made.

The maternity work continues about the same, except that the pre-natal care has increased most satisfactorily. These visits amounted to 53. Eight babies were born in homes and received post-natal care which amounted to 64 visits. The total number of visits of all types made throughout the year was 1,081. Approximately 210 individuals were served.

School work has also increased. During the time from May 1, 1938 to Jan. 1, 1939, 125 class room visits and 112 home visits were made. New activities in the work have been the summer round-up, which was held in June, the raising for parents to visit schools during the time of the physical examinations, and also the opportunity of speech lessons for four of our boys and girls who are thus handicapped.

The mileage covered by the nurse with her car from May 1, 1938 to Jan. 4, 1939 amounted to 8291 miles. Included in this mileage was one trip to Westfield State sanatorium, three trips to Holyoke hospital, and ten trips to Greenfield to doctor's offices and the Franklin county public hospital.

We are now most fortunate to have in Northfield, the Health Council. At the present time the council is busy developing projects for the benefit of the town. Members of the council are: Miss Anne Mattoon, chairman; Mrs. John T. Holden, vice-chairman; Miss Mary Dalton, treasurer; Mrs. Carroll Miller, secretary. Others are: Mrs. Ray Thompson, Mrs. J. V. McNeil, Mrs. Dudley Taylor, Mrs. A. F. Bennett, Mrs. Charles Repeta, Miss Dorothy Johnson, Mrs. George Peferle, Mrs. Ross Spencer and the public health nurse, Euphrasia Purrington.

The council is going forward into the coming year with much enthusiasm and a desire to serve the citizens of Northfield to the best of its ability.
